

## PRODUCT SPECIFICATIONS

# E-CLASS

### E-CLASS PRINTERS

are ideal for applications such as:

- Admissions
- Product Labeling
- Patient File Tracking
- Postal Services
- Drivers Licenses
- Small Business
- Automobile Registration

- E-4203
- E-4204
- E-4304

The Datamax E-Class family is a lightweight, space-saving line of thermal printers designed with leading edge technology for a multitude of label and tag printing applications.

These printers are engineered for small size but packed with big features including an advanced 32-bit multi-tasking processor with two megabytes of memory, serial, parallel, and USB communication interfaces, and a three-button control panel. In addition, a full complement of industry standard linear bar codes as well as the complex two-dimensional symbologies such as MicroPDF417, Datamatrix, Maxicode, Aztec, and TLC39 are resident in the printer's memory.

With all this power loaded into such a small footprint, the E-Class family is the printer choice for a wide variety of low to medium volume labeling applications ranging from the needs of those in an office or research facility to those of a shipping or transportation center. And depending upon the model you choose, a four-inch per second print speed, a 300 dot per inch print resolution, plus the ability to accommodate a five inch roll of media can provide added versatility for all of your applications.

All E-Class printers share an assortment of options including a cutter, a label present sensor, and an assortment of international character font sets. Also, connectivity is never an issue because the E-Class printer can be easily networked with the Datamax DMX-100 Ethernet print server.

When it comes to big performance in a small package, there is just one choice - the E-Class family of printers. They are the most affordable entry-level printing solution available in the marketplace today.

DIMENSIONS	7.05" H x 8.77" W x 10" D (179mm H x 223mm W x 254mm D)
WEIGHT	Printer: 5.2 lbs. (2.4kg)

### DATAMAX E-CLASS OPTIONS:

- THERMAL TRANSFER
- LABEL PRESENT SENSOR
- 4 MB FLASH (MAIN BOARD)
- LIGHT DUTY CUTTER
- EXTERNAL MEDIA SUPPLY STAND
- ILPC
- STANDARD CUTTER
- RESIDENT SCALABLE FONTS
- DMX100 ETHERNET PRINT SERVER
- ADJUSTABLE MEDIA SENSOR

## About BarcodesInc

### Who We Are

BarcodesInc is North America's leading provider of specialized digital data hardware and software solutions. Our products include barcode scanners, mobile computing devices, identification card equipment, point-of-sale systems, barcode label and receipt printers, and consumables, all of which help customers improve productivity and profitability. Our product and solution experts have been serving both small businesses and large enterprises since 1994.

### We Owe Our Success To You

It's true that data tracking is our expertise - but customer satisfaction is our true passion. We have one overriding objective: focus on you, the customer. We understand that each customer's need is unique. That's why we listen carefully and tailor our solutions to meet your needs. We appreciate the opportunity to serve you and strive to exceed your expectations!

## Why Choose BarcodesInc?

### Dedicated Account Manager

Our Account Managers will not compromise when it comes to providing you top-notch service. Your Account Manager is the primary point of contact for your business and makes it a priority to get to know you, your company and all your needs.

### Highly-Trained Technical Support

Our technical staff has the broadest knowledge and every significant certification in the industry. One of our friendly experts is always available to suggest products and solutions for any situation.

### Incredible Value

Our purchasing power means big savings for you. Whatever your project, our team will work hard to deliver a solution that fits your budget.

### Largest Inventory in the Industry and Same-Day Shipping

Whatever your barcoding, mobile computing, or printing needs, we will fill your order and ship it the same day.

### Premier Access to Top Manufacturers

BarcodesInc maintains strong strategic partnerships with the leading manufacturers in barcoding, mobile computing, printing and RFID.

### Responsive Customer Service

Every phone call and email is responded to promptly, completely and accurately by our customer service team.

### Easy Returns

Damaged, defective or incorrectly ordered goods may be returned without hassle.
